

## RUTHLER, ANTEDEAN

### Description and Notes

Aquatic herbivore native to Antede. Once deemed sacred by many Antedeans, they are still revered by many. To harm a ruthler is among the greatest taboos. These docile beasts are found throughout the oceans, “nesting” on the rocky coasts. Although they spend a great deal of time in the water, they are awkward swimmers.

### Special/Unusual Skills

Very hardy and resilient, defined as the toughness (+2) advantage.

**Type:** Warm-blooded mammal, grazer

**Size:** 510 kg, 3.4 m length
